

Olde Marseille Cobbles Laying Pattern

Each full crate is packed in layers - the pattern above shows one layer from a full crate. (10 layers per crate, total 420 pieces).

We suggest that cobbles are laid in horizontal rows with no vertical joints touching (to avoid creating crossed joints).

All dimensions shown are nominal. Product is designed to be laid with 10 -15mm joints.

Flag sizes:

This pattern shows the following amounts of Olde Marseille Cobbles of each size -

14 pieces 250x150mm

14 pieces 150x150mm
